بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the Name of Allah, the Most Gracious, the Most Merciful.

السَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ

A Note to Parents

"30 Days of Ramadan Art and Craft Activities" is a gift that your child will truly appreciate in Ramadan. It will not only engage them but will also motivate them in learning all about this blessed month and for years to come they will cherish and remember these moments.

As we know, every single day of this beautiful month of Ramadan is important and for our children to understand this is just as vital. Therefore, making the most of each and every single day becomes paramount. These activities will help cater for your child's needs, whether they are just toddlers, pre-schoolers or even primary school aged children. These activities can easily be modified and adjusted to help cater for your child's differentiated needs.

As a professional educator and as a mother to two young children, I can clearly relate to how wonderful these activities can be to help nourish the growth, love and understanding of Ramadan. These activities are simple and hands-on. They have been designed to instil the basic concepts and principles of our Islamic faith. These art and craft activities are great to go along with some wonderful Ramadan Story books and it can be aligned with literacy and numeracy focus. Keeping it fun, engaging and simple will instil interest and motivate your child. They will yearn for every Ramadan to come sooner In Sha Allah!

In Sha Allah I pray that you and your child benefit from this! Wishing you all the very best for this great journey to have with your child as we progress through this beautiful month of Ramadan.
