Print cycle pages on cardstock and match the parts together, insha Allah.

Moon phase cycle for bulletin board display or general display for younger children to have some participation in learning about moon phases for Ramadan activities.

Fasten in middle.

Cut on the dotted line between each number but not all the way. Keep them attached in the middle so they can flap open and reveal the phase of the moon underneath.

What the moon wheel will look like below:
Third quarter

Warning gibbous
