Adam(AS) is mentioned in the Quran in :

- Allaah gathered many types of soil from Earth's different lands, then from its clay, Allaah made Adam(AS) with His Own hands.
- Then Allah blew in him the Ruh.
- Aadam(AS) sneezed, and said 'Alhamdulillah'• Adam(AS) said 'AsSalamualykum to the angels'. They replied by Wa alikumusalaam wa Rahmatullah. So this is our greeting too on this earth.

3

- Allaah commanded the angels to prostrate to Adam(AS), so they prostrated, except for Iblees thus starting a evil row. Iblees was too arrogant, he said, 'I am better than him, for I am made of fire and Adam(AS) was made of clay. Allaah cursed him and promised to send him to Hell.
- Iblees asked permission to mislead others there as well. Thus, Iblees became man's enemy from day one, always tempting man to do shirk and sin.

4

- Allaah then created a partner for Adam(AS) to give him company, she was Hawwaa(AS) his wife. Our first mother. They both lived happily in Paradise. They could enjoy everything but as a test for them - Allah commanded them to stay away from the fruits of one tree.
- Allaah warned Adam and his wife against the Shaytaan.
- Iblees the enemy tempted them to eat the fruit, saying he was a good friend. But he was lying.
- After they ate from the fruit, they felt ashamed, they regretted for disobeying Allah.

5

- They now knew Shytaan's evil game. • Adam & Hawwaa (AS) immediately did taubah and were kindly forgiven. But they were removed from Jannah.
- Allah set the earth as a test to sort out the good ones from the bad.

6

- Adam (AS) was 30meters tall, and from then on man has been shrinking.
- Adam & Hawwa (AS) were our first parents not apes.
- They taught us to do Istigfaar when we do sins.
