

LOOK AT
Allaah's World!

By Bint Mahmood

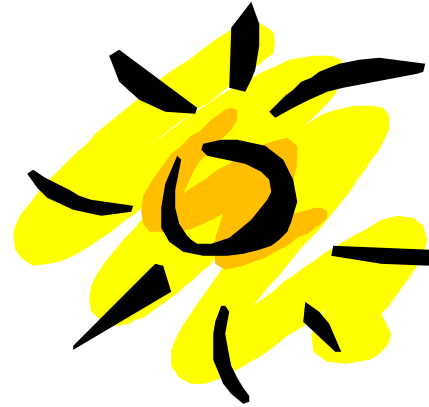

Look out the window
And up very high.
What's that above us?
It's Allaah's sky!

And what can you see
That's white going by?
They're Allaah's clouds!
They fill His sky.

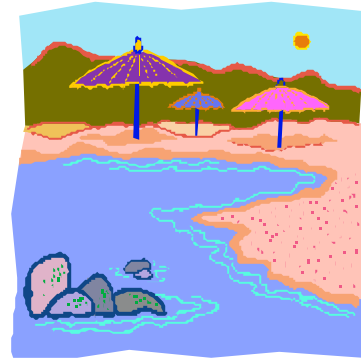

And what can you see
That's shining and bright?
It's Allaah's sun!
It gives us light.

And what can you see
When the night draws near?
Out comes Allaah's moon!
In the sky it's clear.

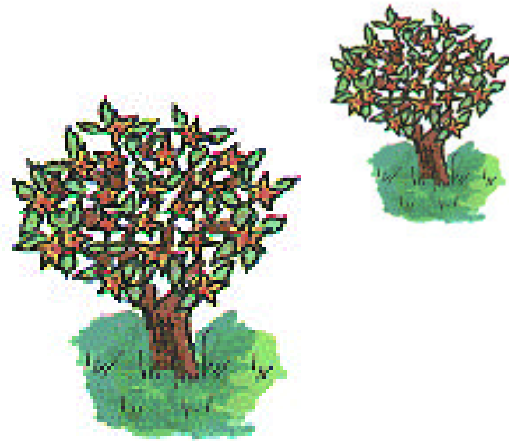

And what can you see
That's deep, deep and blue?
It's Allaah's ocean!
Fish live in it too!

And what falls down
From the clouds to drink?
It's Allaah's rain!
And it fills our sink!

And what can you see
On the ground that's green?
They're Allaah's plants and
trees! Have you seen?

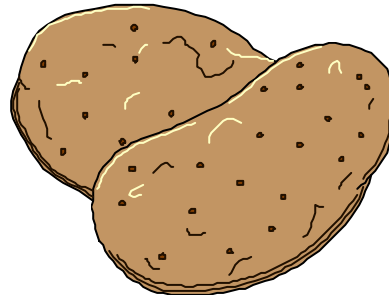

And what can you see
That's red, pink and blue?
They're Allaah's flowers!
So colourful too!

And what's that growing
That's juicy and sweet?
It's Allaah's fruit!
He gives it to eat.

And what are those
Which grow underground?
They're Allaah's vegetables!
Look which one I've found!

And four, furry legs
Who walks on that?
It's Allaah's creature!
And this one's a cat!

Meow!

And what's shaped like a star
In the sky that you see?
This one is easy!
It's your turn to tell me...
