

THE
MAKTAB
PROJECT

@themaktabproject

In light of many children getting the chance to spend time at home, the Maktab Project has decided to set a few activities to challenge them. Activities will be based on Ahadith, Islamic personalities, Islamic History etc.

From Monday the 23rd of March, we will be setting daily challenges for children to complete in their own way. We would then love for you to send pictures of what your children have created and the best ones will be shared, here on Instagram

Please give us a follow for more updates!

themaktabproject@gmail.com

When will activities be uploaded?

For the next two weeks we hope to upload by 9pm the evening before. This gives parents the chance to look over the challenge before the day begins.

What ages are the activities suitable for?

The activities and challenges are meant to be open ended. This means parents can make it as easy or as difficult as they want.

Is there any additional guidance?

We will give additional guidance, as well as tips and tricks, in the caption of each post. Additionally, there will be a dropbox link in the bio, which will have additional resources to compliment the activity.

Can I contribute in anyway?

Yes! Give feedback on what you liked/did not like. Let us know what you would like to see. Finally, share what you do with us. We would love to see it!

The Prophet 's Lineage

Activity

5

Challenge yourself...

Learn the FULL lineage of the Prophet ﷺ!

GAME 1

Once you have have memorised it, time how long it takes you to recite the whole lineage.

However, every-time you stutter or say the wrong name, add 2 seconds to your time.

Let's see how fast you can get.

GAME 2

2-4 people should memorise the full lineage in 30 minutes.

Take it in turns to say the next part of the name. The first person to stutter or to say the wrong name loses.

Who can go the longest without stuttering or saying the wrong name?

**PRO
TIP**

Close your eyes and imagine each name in the lineage to be a different things around your house. For example; the first name is your front door, the second name is the coat hanger, the third name is the sofa etc. This way you will learn the full lineage in no time.

Project 1 announcement

The next few activities are going to be slightly different.

Over the next three days children will be **setting up their own mini-charity.**

To make it more manageable, on each day they will be given a specific activity to complete. By the end of the week they should have their charity set-up, and with your help, they can start collecting money for their chosen cause.

We hope this project plants the seed, in our children's young minds, to think of innovative way to help the community around them and the wider Ummah

-The Maktab Project-

My mini charity - Part 1

Activity

7

Researching my cause

First you need to decide who you would like to raise money for. Is it for a local cause or something international? Would you like to raise money for the orphans of Syria or would you like to help build a school?

Tip: To help you decide discuss ideas with your parents and have a look at Islamic charity websites.

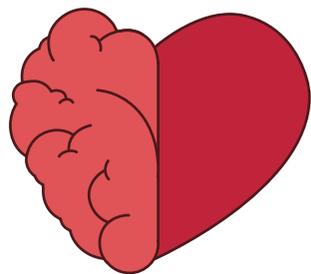

Set a target for how much you want to raise. Then, build a fundraising thermometer so you can track how much you've raised. Display your fundraising thermometer in a place where everyone can see it,

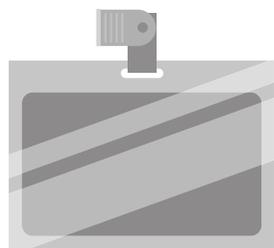

Goal reached!

Creating my charity

Rectify your intention. Whenever you do a good deed make sure you do it for the sake of Allah. That way you can collect all the reward He has in store for you.

Choose a name for your charity.

Create a logo for your charity. Draw three different ones and ask people to pick their favourite one.

Create a fundraising form for your charity. People can fill this form out and write down how much they will donate.

Raising money

Create a poster and a leaflet persuading people to donate towards your charity.

Include the following:

Why you are raising money

Who you are raising money for

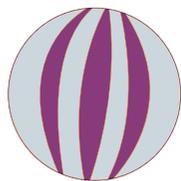

The virtues and rewards for spending in charity.

A Sunnah is something that the Prophet ﷺ said, did or liked.

Find a jar and some marbles or something small that you can fill your jar up with. Make a sign for your jar naming it: "My Sunnah Jar." Decorate your Sunnah jar.

Every-time practice a Sunnah in the day put one marble in the jar. How much of the jar can you fill up?

Fridays are a great opportunity to do some extra Sunnah acts. Can you name some?
